Effective with dates of service on and after July 1, 2017, hospitals can bill procedure code 99211 for registered nurse (RN) services and costs associated with the use of the room and supplies when no other professional service is reimbursable. This includes, but is not limited to, wound care, obstetrical check, and other treatments. Reimbursement will be \$16.87. The outpatient adjustment factor will not apply.

Code 99211 cannot be billed on the same day as codes G0463 or 31720.

Note: The effective date of the policy is July 1, 2017. The implementation of State policy by the KanCare managed care organizations (MCOs) may vary from the date noted in the Kansas Medical Assistance Program (KMAP) bulletins. The **KanCare Open Claims Resolution Log** on the [KMAP Bulletins](#) page documents the MCO system status for policy implementation and any associated reprocessing completion dates.
