

Effective January 1, 2013, we will no longer offer our Medicare Advantage plan, Amerivantage Specialty + Rx, in Baltimore City. Coverage for Baltimore City members currently enrolled in this plan will end on December 31, 2012. However, this plan will still be available in the surrounding counties, including Baltimore, Anne Arundel, Carroll, Harford, Howard, Montgomery and Prince George's counties.

What this means to you:

- Your participation status with Amerigroup will not change.
- This change will not impact our participation in Maryland's HealthChoice and Primary Adult Care programs in Baltimore City.
- We will not cover services to Medicare members in Baltimore City, but you should continue to see our other members according to the benefit plan.

Members have been notified that their coverage will end and have the option to select another Medicare Advantage plan in their area or be placed into Original Medicare. Members who need to select a new plan can call 1-800-MEDICARE or go to medicare.gov and select "Find health & drug plans" for help evaluating new coverage options.

If you have questions, please contact your local Provider Relations representative or call the Dedicated Service Unit toll free at 1-866-805-4589.
