

Florida Healthy Kids

Value-Added OTC Drug List
 Each child in your household has an over-the-counter drug benefit. This is different than the prescription drug benefits. Amerigroup gives each child up to \$10 worth of over-the-counter items per month—at not cost to you. Go to any Amerigroup network pharmacy (drugstore). Pick the item from the list. Show your Amerigroup ID card. The drugstore will let you know when your household has reached the \$10 limit for the month.
