**Medical drug Clinical Criteria updates**

**June 2019 update**
On June 20, 2019, the Pharmacy and Therapeutic (P&T) Committee approved *Clinical Criteria* applicable to the medical drug benefit for Amerigroup Iowa, Inc. These policies were developed, revised or reviewed to support clinical coding edits.

Effective dates are reflected in the [Clinical Criteria web posting](#).

IA-NL-0210-19

---

The *Clinical Criteria* is publicly available on our [provider website](#). Visit the [Clinical Criteria website](#) to search for specific policies.

Please submit your questions to [email](#).

---

**Electronic submission is preferred method for requesting pharmacy prior authorization**

Our electronic prior authorization (ePA) process is the preferred method for submitting pharmacy prior authorization requests. The online process is faster and easier to complete, and the response is automatic, which helps patients get their medications sooner. You can complete this process through your current electronic health record/electronic medical record (EHR/EMR) system or via the following ePA sites:

- **Surescripts®**: [https://providerportal.surescripts.net/providerportal](https://providerportal.surescripts.net/providerportal)
- **CoverMyMeds®**: [https://www.covermymeds.com/main](https://www.covermymeds.com/main)

Creating an account is free and takes just a few minutes. If you are experiencing any issues or have a question about how the systems operate:

- For questions or issues with accessing the Surescripts portal, call 1-866-797-3239.
- For questions or issues with accessing the CoverMyMeds portal, call 1-866-452-5017.

For questions regarding pharmacy benefits, contact your IngenioRx call center 1-800-454-3730.

Prior authorization (PA) requirements

Global 3M19 Medical Policy and Technology Assessment Committee PA requirement updates

Effective February 1, 2020, PA requirements will change for several services covered PA by Amerigroup Iowa, Inc. for IA Health Link members.

[Read more online.]

Federal and state law, as well as state contract language and Centers for Medicare & Medicaid Services guidelines, including definitions and specific contract provisions/exclusions, take precedence over these PA rules and must be considered first when determining coverage. Noncompliance with new requirements may result in denied claims.

To request PA, you may use one of the following methods:
- Web: https://www.availity.com
- Fax: 1-800-964-3627
- Phone: 1-800-454-3730

Not all PA requirements are listed here. Detailed PA requirements are available to providers on our provider website (https://providers.amerigroup.com/IA > Provider Resources & Documents > Quick Tools > Precertification Lookup Tool) and at https://www.availity.com. Providers may also call Provider Services at 1-800-454-3730 for PA requirements.
Medical Policies and Clinical Utilization Management Guidelines update

The Medical Policies and Clinical Utilization Management (UM) Guidelines below were developed and/or revised to support clinical coding edits. Note, several policies and guidelines were revised to provide clarification only and are not included. Existing precertification requirements have not changed. For markets with carved-out pharmacy services, the applicable listings below are informational only.

To view a guideline, visit https://medicalpolicies.amerigroup.com/am_search.html.

March 2019

Updates:
- CG-DME-44 — Electric Tumor Treatment Field (TTF) was revised to add the use of enhanced computer treatment planning software (such as NovoTal) as not medically necessary (NMN) in all cases.
- CG-MED-72 — Hyperthermia for Cancer Therapy was revised to clarify medically necessary (MN) and NMN statements addressing frequency of treatment.
- CG-SURG-09 — Temporomandibular Disorders was revised to clarify MN and NMN criteria and removed requirement for FDA approval of prosthetic implants.
- CG-SURG-30 — Tonsillectomy for Children with or without Adenoidectomy was revised to:
  - Spell out number of episodes of throat infections in MN criteria (A1, A2, A3).
  - Clarify criterion addressing parapharyngeal abscess (B4) to say two or more.
  - Add “asthma” as potential condition improved by tonsillectomy in MN criteria (C1b).

- The following AIM Specialty Health® updates took effect on September 28, 2019:
  - Advanced Imaging
  - Imaging of the Brain
  - Imaging of the Extremities
  - Imaging of the Spine

IA-NL-0208-19
New Policy: Update

Drug Screen Testing

(Policy 19-001, effective 11/01/19)

The effective date of this policy has been updated from 10/1/19.

Effective November 1, 2019, Amerigroup Iowa, Inc. will allow separate reimbursement for definitive drug testing of 1-7 drug classes. Definitive drug testing for eight or more drug classes will not be separately reimbursed when performed on the same date of service as presumptive testing.

Definitive drug testing may be done to confirm the results of a negative presumptive test or to identify substances when there is no presumptive test available. Provider’s documentation and member’s medical records should reflect that the test was properly ordered and support that the order was based on the result of the presumptive test.

In the event a reference lab (POS = 81) performs both presumptive and definitive tests on the same date of service, records should reflect that the ordering/treating provider issued a subsequent order for definitive testing based on the results of the presumptive tests.

For additional information, refer to the Drug Screen Testing reimbursement policy at https://providers.amerigroup.com/IA.
