

Working with Amerigroup Kansas: How to Bill for Emergency Transportation Services

How should ambulance providers bill Amerigroup?

Ambulance providers should bill us just like they billed the Kansas Medical Assistance Program (KMAP). Use the CMS-1500 claims form (unless you're using electronic billing), available on the Centers for Medicare and Medicaid Services website at www.cms.hhs.gov.

Where will ambulance providers submit their claims?

You can continue to submit your claims to Kansas Medicaid. The Kansas Department of Health and Environment (KDHE) will submit your claim information to us through daily 837 batch files.

All paper claims sent to the state's fiscal agent must be addressed to:

Kansas Medical Assistance Program
Office of the Fiscal Agent
P.O. Box 3571
Topeka, KS 66601

Submit electronic claims through Electronic Data Interchange (EDI) by using:

- Our provider self-service website; to start the electronic claims submission process or if you have questions, please contact our EDI Hotline at 1-800-590-5745
