Important notice for Amerigroup Kansas, Inc. providers regarding Fresenius dialysis facilities

Fresenius dialysis facilities will no longer be participating Amerigroup providers as of November 1, 2017.

Amerigroup members receiving care at a Fresenius dialysis facility will be notified of this network change. Providers are asked to support members' transitions of care to participating dialysis facilities.

All participating dialysis facility information may be found in the online directory. Visit <http://amerigroup.prismisp.com> or contact Provider Services at 1-800-454-3730 for more information. Amerigroup case managers are available to assist with the transition.

What if I need assistance?

If you have questions or know of members who need assistance during this transition, please call Provider Services or Amerigroup case managers at 1-800-454-3730. We will be happy to help you. Thank you for the care you provide to our members!

KSPEC-1664-17

Access to Disease Management — helping you care for patients with chronic health care needs

Amerigroup Kansas, Inc. Disease Management programs are designed to assist PCPs and specialists in managing the care of members with chronic health care needs. Members are provided with care management and education by a team of highly qualified disease management professionals whose goal is to create a system of coordinated health care interventions and communications for enrolled members.

Case managers provide support to members with:

- Behavioral health conditions.
- Diabetes.
- Heart conditions.
- HIV/AIDS.
- Pulmonary conditions.
- Substance use disorder.

Additionally, in order to improve condition-specific outcomes, case managers use motivational interviewing to identify and address health risks such as tobacco use and obesity.

Licensed nurse case managers are available Monday-Friday from 8:30 a.m.-5:30 p.m. local time, and our confidential voicemail is available 24 hours a day, 7 days a week. To contact our Disease Management team, call 1-888-830-4300.

Additional information about our Disease Management programs can be found on our provider website (<https://providers.amerigroup.com/KS> > Provider Resources & Documents >

Disease Management Centralized Care Unit). Members can obtain information about our Disease Management programs by visiting www.myamerigroup.com.

New pregnancy notification process using the Availity Portal Benefit Look-Up Tool

As a reminder, Amerigroup Kansas, Inc. offers pregnant women several services and benefits through the Taking Care of Baby and Me® program. It is our goal to identify all pregnant members early in their pregnancy, so they can take full advantage of the education, support, resources and incentives Amerigroup provides throughout the prenatal and postpartum period.

We've partnered with Availity, the vendor supporting the Benefit Look-Up Tool you may currently use in your OB office, to send us information about newly identified pregnant women. This new process, including the *HEDIS® Maternity Attestation* form, helps providers connect patients with additional benefits as soon as possible. The reporting process includes a few simple steps.

How it works

When a member of childbearing age visits the OB office, the office associate is prompted to answer the question "Is the member pregnant?" during the eligibility and benefits inquiry process. If the response is "yes," Amerigroup then asks about the due date and a *HEDIS Maternity Attestation* form is generated for the OB office to complete. On this electronic form, the provider enters other important information including the date of the first prenatal care visit, delivery date and postpartum visit date.

This new, user-friendly workflow generates timely information that aids members, providers and Amerigroup in improving birth outcomes with early intervention and complying with HEDIS benchmarks.

We are working hard to support providers throughout Kansas in receiving necessary training for this new workflow and that all questions are answered. If you have any specific questions regarding the new Availity maternity attestation, please feel free to reach out to Provider Services at 1-800-454-3730.

KS-NL-0052-17

Provider FAQ — Availity Portal Pregnancy Notification and HEDIS Attestation

1. What is the purpose of this new process?

As a reminder, Amerigroup Kansas, Inc. offers pregnant women several services and benefits through the Taking Care of Baby and Me® program. It is our goal to identify all pregnant women early in their pregnancy so they can take full advantage of the education, support, resources and incentives Amerigroup provides throughout the prenatal and postpartum period.

This new, user-friendly workflow generates timely information that helps you, your patients and Amerigroup improve birth outcomes with early intervention and promotes compliance with HEDIS® benchmarks.

2. When will the new pregnancy-related questions display?

When an OB/GYN office conducts an eligibility and benefits inquiry for an Amerigroup member 15-44 years of age in the Availity Portal, the system displays pregnancy-related questions. If the office confirms the patient is pregnant, a *HEDIS Maternity Attestation* form is generated. If the patient is not pregnant, the desired eligibility and benefits information displays, and no further action is required.

3. Does the new *HEDIS Maternity Attestation* form replace the need for an OB global authorization?

Responses provided in the Availity pregnancy notification system **do not** replace the need to submit a request for OB global authorization. A request for OB global authorization can be submitted by phone or fax as well as online through the secure provider self-service website that can be accessed through the Availity Portal.

4. How should the office reply when a patient presents as a transfer from another OB provider?

You should answer the pertinent pregnancy questions and complete the *HEDIS Maternity Attestation* form as usual. Even though the first prenatal visit question typically relates to prenatal care in the first trimester or within 42 days of plan enrollment, you can simply enter the date you first provided prenatal care for the patient.

5. If a patient transfers out of our practice during her prenatal course, how should the office complete the *HEDIS Maternity Attestation* form?

It is OK to leave the HEDIS attestation in a pending status as it provides Amerigroup with pertinent prenatal care information up to the point the patient transfers out of the practice. The form remains in place until it is automatically retired 19 months later.

6. If we have confirmed the patient is pregnant but suffers an early miscarriage or chooses to end the pregnancy, how will the office communicate this important information?

In this situation, you should select the option on the *HEDIS Maternity Attestation* form that states “this pregnancy ended or the baby delivered prior to 20 weeks.” This action allows the office to close out and submit the HEDIS Maternity Attestation form for this pregnancy.

7. Do I have to answer all the questions on the *HEDIS Maternity Attestation* form all at once?

No, the workflow is designed so you may enter and save information as it becomes available during the pregnancy. After entering the delivery and postpartum visit dates, you are given the option to complete and submit the attestation. Until then, you may save the information you enter and continue with other tasks.

8. Is there an easy way for me to obtain a list of all patients for whom I need to enter prenatal or postpartum visit dates?

Amerigroup mails you two notifications to complete the *HEDIS Maternity Attestation* form.

- In order to prompt you to complete the form and enter the first prenatal visit date, the first notification is posted at the time the form is created.
- In order to alert you to schedule the postpartum visit (if not already done) and to enter the postpartum visit date, the second notification is posted 14 days prior to the estimated due date.

You may access the work queue at any time by going to **Payer Spaces**. Next, select the payer title from the list. Then, select **Amerigroup HEDIS Attestation for Maternity**.

9. How can I get additional help, support or training?

- Availity offers integrated help and on-demand training demonstrations (select **Help | Find Help** and search using the keyword **maternity**).
- You can launch a training demo from associated help topics as well as the HEDIS attestation for maternity work queue.
- If you have technical difficulties related to the HEDIS attestation for maternity workflow, contact Availity at 1-800-282-4548.
- If you have specific member concerns, please contact Provider Services at 1-800-454-3730.

Reimbursement Policies

Policy Update

Modifier 62: Co-Surgeons

(Policy 06-027, effective 12/15/17)

Amerigroup Kansas, Inc. allows reimbursement of procedures eligible for co-surgeons when billed with Modifier 62. Each surgeon must bill the same procedure code(s) with Modifier 62. Reimbursement to each surgeon is based on 62.5 percent of the applicable fee schedule or contracted/negotiated rate. Co-surgeons must be from **different specialties** and performing surgical services during the same operative session.

For more information, please refer to Modifier 62: Co-Surgeons Reimbursement Policy at <https://providers.amerigroup.com> > Quick Tools > Reimbursement Policies > [Medicaid/Medicare](#).

KS-NL-0036-17

Policy Update

Multiple Delivery Services

(Policy 06-044, effective 03/01/18)

Amerigroup Kansas, Inc. allows reimbursement for multiple births by a same-delivery or combined delivery method. Reimbursement for will be allowed for two deliveries by a same-delivery or combined-delivery method. Multiple procedure guidelines will not apply.

Note: For combined-delivery methods, only one delivery of each method will be reimbursed.

For market-specific information, refer to Multiple Delivery Services Reimbursement Policy at <https://providers.amerigroup.com> > Quick Tools > Reimbursement Policies > [Medicaid/Medicare](#).

KS-NL-0045-17

Policy Reminder

Global Surgical Package for Professional Providers

(Policy 06-041)

Amerigroup Kansas, Inc. would like to remind providers that included in the global surgical package are visits occurring during the postoperative period that are related to recovery from the surgery regardless of the location. The Global Surgical Package for Professional Providers reimbursement policy includes additional information on what is included in the global surgical package and what is separately reimbursable. For additional information, please refer to the reimbursement policy at <https://providers.amerigroup.com> > Quick Tools > Reimbursement Policies > [Medicaid/Medicare](#).
