## Recent updates in the Maryland Public Behavioral Health System

- Beacon Health Options now manages adult residential treatment services for substance use disorders (SUDs).
- Medication-assisted treatment (including buprenorphine and Vivitrol) for SUD is now available in multiple treatment settings in addition to traditional opioid treatment programs.
- Expanded services for the treatment of gambling disorders is also offered by SUD treatment programs.
- Reimbursement is no longer given to laboratories for definitive urine drug screens greater than 14 substances. The Maryland Department of Health (MDH) recommends providers to use the American Society of Addiction Medicine *Smart Testing* guidelines. MDH also added coverage for providers who have appropriate equipment to perform more extensive presumptive drug testing in their office. Please contact Beacon Health Options for questions associated with covered drug testing changes.
- Applied behavioral analysis (ABA) is covered for children with autism spectrum disorder. Contact [abamarylandproviderrelations@beaconhealthoptions.com](mailto:abamarylandproviderrelations@beaconhealthoptions.com) for information or referrals.
- For pregnant patients with substance use or mental health disorders requiring collaboration and coordination of behavioral health and medical care, contact Jay Hensley at Beacon Health Options: [jay.hensley@beaconhealthoptions.com](mailto:jay.hensley@beaconhealthoptions.com).
- For additional information on screening tools and other topics, visit the Beacon Health Options website at <http://maryland.beaconhealthoptions.com> and select the tab for **Non Behavioral Health Providers**.
