We need our provider partners

1. Educate your staff. Prepare them for increased call volume and appointments.
2. Display the Raffle Rewards brochure in your waiting room and contact your local Provider Relations representative for extras. Like any other materials, we respect your right to refuse.
3. Stamp or sign the brochure for Amerigroup members who complete an annual wellness exam.
4. Submit your claims as soon as possible. Entries will be verified through claims records, so it's important to submit your claim when the member submits the brochure.

Wellness exam opportunities

- **365-day rule**

Amerigroup will pay for one wellness exam every calendar year, regardless of the last date of service. You don't have to wait 365 days to receive payment for a wellness visit claim.

- **Sick and wellness visits**

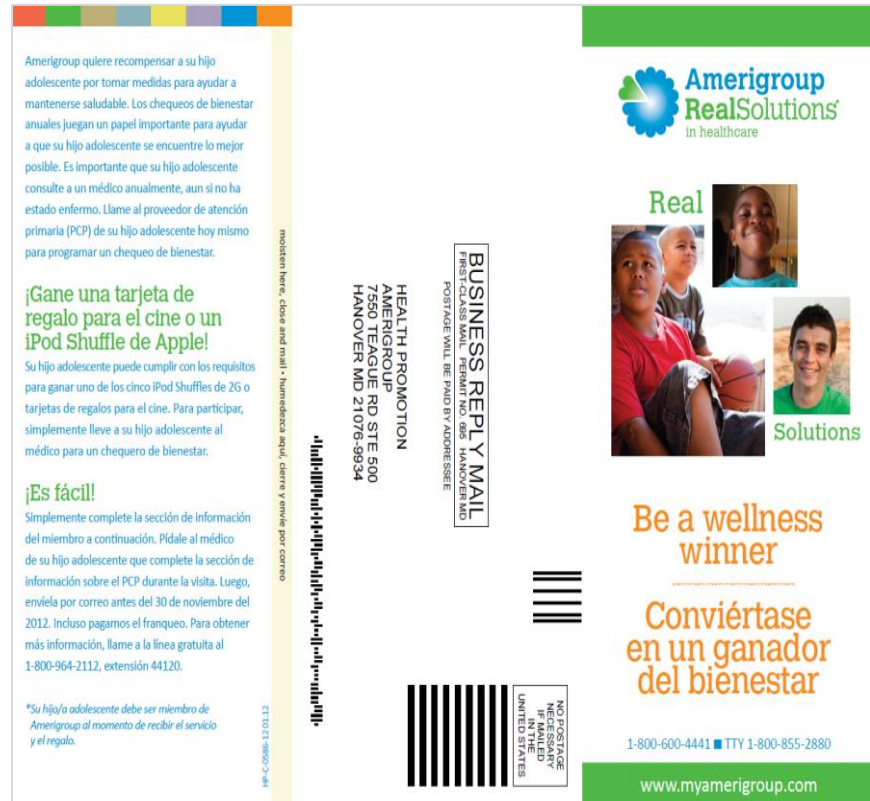

You can submit a claim for both a sick visit and wellness exam using modifier 25 in conjunction with the appropriate E&M code for the sick visit.

- **Other health insurance**

For members who have other health insurance, he or she can submit an explanation of benefits from the other company, along with a claim to recoup the remaining expenses.

How will Amerigroup members learn about the program?

- **Mail** – Eligible Amerigroup members in Prince George's and Montgomery counties received brochures by mail beginning in March.
- **Phone** – We will also call eligible members to tell them about the program and the importance of routine screenings.

What if...

- **The member loses the brochure or doesn't receive one?**
Members will receive several brochures by mail through the course of the year and can get extra brochures from their provider's office.
- **The member forgets to have the brochure signed?**
We will randomly select prize winners based on claims, so the member can still enter the raffle.
- **A member doesn't win during the first prize drawing?**
The member remains eligible for future prize drawings.
- **There are several Amerigroup members in a household?**
Only members ages 3-21 are eligible.
