

American Academy of Pediatrics

DEDICATED TO THE HEALTH OF ALL CHILDREN™

New Jersey Chapter

NJAPD

New Jersey Academy of Pediatric Dentistry

## **Attention Primary Care Physicians!**

### **Join the New Jersey Chapter, American Academy of Pediatrics Oral Health Initiative 2015**

### **“Linking Preventive Oral Health & Primary Care”**

- ✓ Did you know that the American Academy of Pediatrics recommends oral health screening and appropriate referral to a Dental Home by age 1?
- ✓ As an **NJ Family Care provider**: Did you know that you can be reimbursed for fluoride varnish application? (select commercial providers are also beginning to reimburse)

**Learn how to integrate oral health into routine well care for children 0 – 3**

**Schedule a FREE Office based training TODAY!**

The New Jersey Chapter, American Academy of Pediatrics has been awarded continuation funding from DentaQuest Foundation to improve access to pediatric oral health care, especially for underserved children. The goal of this quality improvement program is to enhance preventive oral health care within the patient centered Medical Home. NJAAP is collaborating with NJ Dental Association, NJ Academy of Pediatric Dentistry, and others to ***Increase access to preventive oral health services for children birth to 3 through collaborative impact of medical and dental partnerships and improve utilization of payers and community resources.***

#### **Benefits to your practice:**

- 2 CME Credits approved
- Increase knowledge on the important role of the pediatric provider in preventing early childhood caries (ECC)
- Reimbursement fee on fluoride varnish application
- Hands on training on performing an oral health risk assessment and fluoride varnish application
- Access to a list of participating Dental Home providers in your county
