Easy access to **precertification/notification requirements** and other important information

For additional information about benefits and services, see your provider manual. The most recent, full version of the provider manual is located at https://providers.amerigroup.com/TN under Manuals & QRCs. If you have questions about this Quick Reference Card (QRC) or have a recommendation to improve it, please call your local Provider Relations representative. We want to hear from you and improve our service so you can focus on serving your patients.

Precertification or prior authorization: The prospective process whereby licensed clinical associates apply designated criteria sets against the intensity of services to be rendered, a member's severity of illness, medical history, and previous treatment to determine the medical necessity and appropriateness of a given request. If a service requires precertification, the provider must contact Amerigroup Community Care via phone, facsimile or electronic communication to obtain approval prior to the rendering of services. All relevant clinical information needed to determine medical necessity must be included in the request for prior authorization.

Concurrent review: This review is conducted for admissions which initially did not obtain prior authorization due to emergent status and for reviews during the length of stay. Notification with supporting clinical is required to be submitted within one business day of admission and is subject to medical necessity review. Clinical reviews will continue intermittently during the length of the stay.

Notification: Telephonic, facsimile or electronic communication received from a provider informing Amerigroup of the intent to render covered medical services to a member prior to the rendering of such services. There is no review against medical necessity criteria for services classified as notification only. However, member eligibility and provider status (network and non-network) are verified. The purpose of notification is to identify members who may benefit from case management such as members who require high-risk obstetrics. Give us notification prior to rendering services outlined in this document.

24-hour Nurse HelpLine • 1-866-864-2544 (Spanish 1-866-864-2545)

24-hour Nurse HelpLine is a telephonic, 24-hour triage service your Amerigroup patients can call to speak with a registered nurse who can help them:

- Find doctors when your office is closed, whether after hours or on weekends
- Schedule appointments with you or other network doctors
- Get to urgent care centers or walk-in clinics
- Speak directly with a doctor or a member of the doctor's staff to talk about their health care needs

Our Member Services Line at 1-800-600-4441 offers free translation services for 170 languages and the use of a TDD line for members with difficulty hearing.

We encourage you to tell your Amerigroup patients about this service and share with them the advantages of avoiding the emergency room when a trip there isn't necessary or the best alternative.

Claims Services

Timely filing is within 120 days from the date of discharge for inpatient services or from the date of service for outpatient services, except in cases of coordination of benefits/subrogation or in cases where a member has retroactive eligibility.

We require all submitters of institutional claims to use the CMS-1450 (UB04) form and submitters of professional claims to use the CMS-1500 (08-05) form approved by the National Uniform Claim Committee (NUCC). If a claim is received on any other form but the CMS-1450 or the CMS-1500 (08-05) form, the claim will be returned to the submitter and will not be processed. We also offer free electronic claims submission via our provider self-service site.

Electronic Data Interchange (EDI)

Effective January 1, 2019, Availity is our designated Electronic Data Interchange (EDI) gateway and E-Solutions Service Desk.

How to register with Availity:
