Subject: Important announcement regarding prenatal ultrasound reimbursement

Dear Provider:

Amerigroup Washington, Inc. covers CPT codes 76801, 76802, 76805, 76810, 76811, 76812, 76815, 76816 and 76817 for outpatient prenatal ultrasounds for our pregnant Medicaid members. This policy communication is limited to these specific CPT codes and does not apply to ultrasounds performed by maternal fetal medicine specialists, in hospital settings or by radiology providers. Please refer to clinical guideline entitled "Maternal Ultrasound in the Outpatient Setting," (CG-Med-42), on the Amerigroup provider website, for detailed medical necessity criteria for maternal ultrasound.

In alignment with the Washington State Health Care Authority, Provider Guide dated January 1, 2016, effective April 30, 2016, Amerigroup will cover two routine prenatal ultrasound for dating and fetal anatomic survey per pregnancy (76801, 76805). Additional ultrasounds for CPT codes 76811, 76812, 76815, 76816 and 76817 for suspected maternal/fetal abnormality or follow-up require an appropriate diagnosis indicating medical necessity. Without appropriate diagnosis codes supportive of medical necessity, ultrasounds for procedural codes 76811, 76812, 76815, 76816 and 76817 will not be reimbursed. Prior authorization is not required for prenatal ultrasounds.

Our policies are based on medical necessity, consideration of nationally accepted medical practice standards, review of medical literature and government approvals. We referred to the American College of Obstetricians and Gynecologists (ACOG) practice bulletin, Ultrasonography in Pregnancy (number 101, February 2009) to create this policy. According to this bulletin, ultrasonography in pregnancy should be performed only when there is a valid medical indication. Specifically, the ACOG practice bulletin states, "The use of either two-dimensional or three-dimensional ultrasonography only to view the fetus, obtain a picture of the fetus, or determine the fetal sex without a medical indication is inappropriate and contrary to responsible medical practice."

We've attached a list of the prenatal ultrasound procedure codes with their corresponding medically necessary diagnosis codes. We hope this information is helpful to you. For questions regarding prenatal ultrasound coverage, please call our national Provider Relations team at 1-800-454-3730 or contact your local Provider Services representative. We appreciate your commitment to the health of our members.

Sincerely,

Dr. Thomas E. Paulson
Medical Director
Amerigroup Washington, Inc.
