

## **Help Ensure Medicare Part D Members Receive a Comprehensive Medication Review**

The Centers for Medicare & Medicaid Services require that plans with Medicare Part D benefits offer a Comprehensive Medication Review as part of the Medication Therapy Management (MTM) program. A CMR is offered to members who have three or more chronic diseases and who are receiving eight or more maintenance medications. Amerigroup\* Community Care employs SinfoniaRx to contact our qualifying individual and group-sponsored Medicare Part D members to complete the interactive consultation. The CMR consists of a consultation followed by a written medication summary to help educate and support provider recommendations for medication adherence. Please ask these members if they have received a letter or postcard inviting them to participate in a Medication Review.
