

Provider Update

Attend December Webinar/Webinars to Learn how to Complete OptiNet Assessments

All participating Medicare Advantage providers who provide imaging services must complete registration for AIM's online registration tool, **OptiNet**. **OptiNet** will collect modality-specific data from providers who render X-ray, ultrasound (abdominal/retroperitoneum, gynecological and obstetrical services only at this time), Magnetic Resonance (MR), Computed Tomography (CT), nuclear medicine (NUC), positron emission tomography (PET) and echocardiograph imaging services. Areas of assessment include facility qualifications, technician and physician qualifications, accreditation, equipment and technical registration.

These data will be used to calculate site scores for providers who render imaging services for our individual Medicare Advantage members.

All participating providers who provide imaging services, including x-rays and ultrasounds as noted above, must complete the registration. Providers who do not register, who score less than 76 or who do not complete the survey by Jan. 1, 2017 will receive a line-item denial for the technical component of the outpatient diagnostic imaging service only. This includes providers who have delegated risk arrangements and who may see Amerigroup* Community Care members outside of those risk arrangements.

Participating providers who have already completed the survey but scored less than 76 can use the online registration at any time to update their information and improve their score. All providers, including those who score less than 76, will receive individualized information they can use to improve their score.

Act now to avoid line-item claims denials

Providers are strongly encouraged to register and improve their scores as needed before the line-item denials for claims submitted for dates of service on or after Jan. 1, 2017 begins. Facilities billing on a UB-04 claim form will be excluded from line item denials at this time.

The provider registration is available online at www.aimspecialtyhealth.com/goweb.

- Select Amerigroup MA from the drop down menu
- Only those providers who have completed the provider registration will be able to view their information online
- If you have questions or need help completing the registration, please call AIM Customer Service at 800-252-2021

To learn how to complete your survey, attend a webinar and find out how to:

Access the OptiNet Assessment.

Copy previously completed OptiNet Assessments to your Amerigroup Medicare Advantage account.

Complete a new AIM OptiNet registration.

Interpret and improve your site score.

Please contact ronald.younger@anthem.com to have an invitation for the webinar delivered directly to your calendar.
