AIM OptiNet Imaging Services Initiative Postponed

Recent issues of *Network Update* and previous Important Medicare Advantage Updates have included information about an initiative administered by AIM Specialty Health® to collect information about imaging capabilities of our Medicare Advantage providers. This initiative has been postponed until further notice. Medicare Advantage providers will not be subject to the requirement to have a specific OptiNet score to be reimbursed for outpatient diagnostic imaging services. Although there is no reimbursement impact at this time, Amerigroup* Community Care continues to encourage network providers to submit imaging services data for the AIM Specialty Health initiative. The provider registration is available online at www.aimspecialtyhealth.com/goweb.

If you have not yet registered, registration is available online via the AIM **ProviderPortal**_{SM} (registration required). To access:

1. Go to www.aimspecialtyhealth.com/goweb
2. Select Amerigroup Medicare Advantage from the drop down menu
3. Log in to **ProviderPortal**
4. Select "Access My OptiNet Registration" from the **ProviderPortal** home page to begin your registration

For additional assistance with registration or your score, you may also call AIM toll free at 800-714-0040, Monday -- Friday, 7 am -- 7 pm CT.
