

NCQA Accreditation Honors

Amerigroup is the only Georgia Families health plan to achieve Excellent National Committee for Quality Assurance (NCQA) accreditation and one of a few plans in the state holding this level of recognition.

"We are pleased to have garnered the highest level of recognition for delivering quality care, support and services to our members in Georgia," said Dr. Tunde Sotunde.

This honor marks an important milestone in our journey toward transforming the health care landscape for our members and the state at large. Thank you for your commitment to helping us provide top-notch care.
