

Provider Update

Inpatient Notification Report

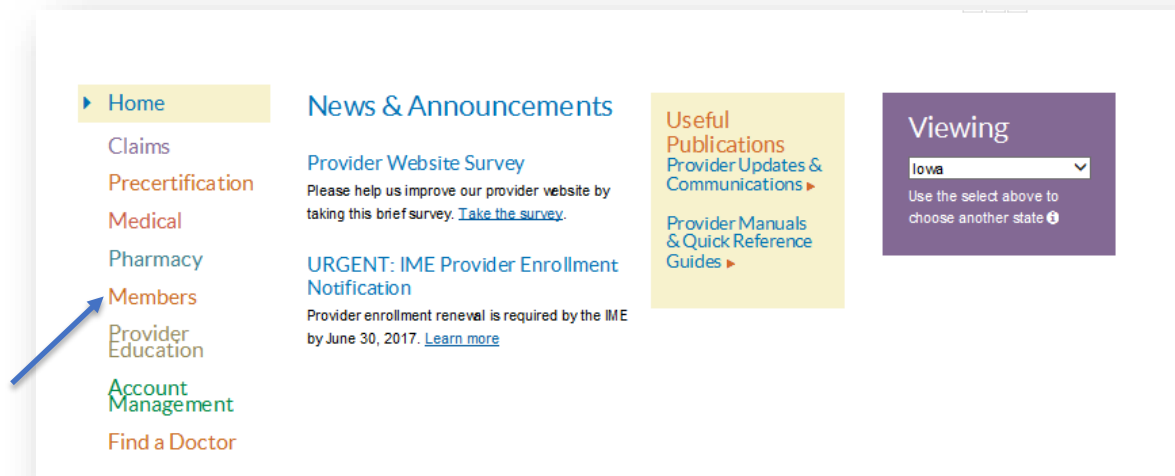

In an effort to enhance continuity and coordination of care, Amerigroup Iowa, Inc. has an *Inpatient Notification Report* on the Availity Portal available to providers.

What does this mean to me?

We want to keep our providers well informed. Amerigroup has heard provider concerns about needing timely information.

The *Inpatient Notification Report* is accessible via the Availity Portal to our in-network providers. Included on this report are members who have a preauthorized inpatient stay. Please see the images below on where to find this report.

You may log on to the Availity Portal on the provider website located at <https://providers.amerigroup.com/IA> > Members > Member Reports > TIN — (name of provider) > All Providers.
