## Iowa Provider Solutions team

### Provider workshops

The Iowa Provider Solutions team is conducting provider workshops around the state during the month of April 2018. Providers are invited to attend and meet their local provider representative, receive training on the Availity Portal, ask general claims questions, and receive the latest information about our resources and services. Representatives from the Provider Solutions Behavioral Health team, Long-Term Services and Supports team and Medical team will be present.

Amerigroup Iowa, Inc. is very excited to share with our provider community this new experience of fostering our providers' growth and strengthening our relationships. We hope you will join us for this personal time of connecting for a common goal: better services for our members.
