

Dear Provider:

Thank you for your interest in attending an Amerigroup Provider Orientation!

Please choose the session that you would like to attend and register by going to the link and completing the registration screen.

Registration is required. However, if multiple people in one office choose to attend through one central location, only the person whose computer will be used for viewing must register. *You will not get an immediate confirmation.* You will receive a reminder 24 hours prior and then again one hour prior to the session starting. The reminder will include a link for the session as well as the dial-in information.

If you need assistance or have any questions please email ks1provrel@amerigroup.com with **Provider Webinar** in the subject line.

| Event name | Scheduled date and time | Registration link |
|---------------------------------------|--|---|
