

# Provider Update

This is an update about information in the provider manual. For access to the latest provider manual, go online to <https://providers.amerigroup.com/KS>.

## Coverage of additional botulinum toxin procedure codes

**Summary of change:** Effective with dates of service on and after November 1, 2016, and in accordance with the Kansas Department of Health and Environment policy, the botulinum toxin procedure codes listed below will be covered.

**What this means to you:** The below codes will be covered effective November 1, 2016.

### Procedure codes to be covered:

- 92265 — Needle oculoelectromyography, one or more extraocular muscles, one or both eyes, with interpretation and report
- 95873 — Electrical stimulation for guidance in conjunction with chemodenervation (List separately in addition to code for primary procedure.)
- 95874 — Needle electromyography for guidance in conjunction with chemodenervation (List separately in addition to code for primary procedure.)

### Reimbursement should be allowed for the following Kansas Medical Assistance Program provider types/specialties:

- Hospital (for 92265 only)
- Federally Qualified Health Center
- Rural health clinic
- Indian Health Service
- Advanced nurse practitioner
- Certified registered nurse anesthetist
- Nurse midwife
- All physician provider types **except** the following:
  - Anesthesiologist
  - Pathologist
  - Psychiatrist
  - Radiologist
  - General internist
