Home- and Community-Based Services — Financial Management Services (FMS)

Summary: The Kansas Department for Aging and Disability Services (KDADS) *FMS Manual* was updated to reflect the Department of Labor (DOL) final rule that changes the role of an FMS provider.

What this means to you

FMS providers have new federal requirements per the DOL final rule related to their role as a result of being designated vendor fiscal/employer agents. The KDADS manual now reflects DOL final rule requirements for this service and the responsibilities of the FMS provider chosen by the member. The “agency with choice, co-employer” or similar language was removed from the KDADS Manual.
