

Health Home program closure update

Summary of change: As you are aware, the Health Homes program will not have funding after June 30, 2016. Although we share disappointment that the program is ending, we still want to promote collaboration with you in coordinating care and services available to Amerigroup Kansas, Inc. members who are in the program. The main purpose of the Health Home program was to help improve the health and wellbeing of members diagnosed with a severe mental illness. As we move forward, we want to continue with our combined efforts.

As a reminder, there will be occasions when we will need to request medical records or data on these members after the Health Home closure date of June 30, 2016, as no run-out time frame has been provided by the State. This will allow us to remain compliant with the Kansas Health Homes Quality Goals and Measures as referenced in Appendix C: KanCare Health Homes Program Manual – Serious Mental Illness.

What if I need assistance?

If you have questions, please contact your local Provider Relations representative or call our Provider Services team at 1-800-454-3730.
