## Sterilization policy and consent form reminder

**Summary:** Any procedure, during which the member elects to become sterile, including a hysterectomy, requires a Consent for Sterilization form. This includes members with a primary insurance carrier. The form must be properly completed, including compliance with federal timeline regulations, and can be found at <https://www.kmap-state-ks.us/Documents/Content/Forms/Consent/Sterilization.pdf>.

✦ **What this means to you:** Even if Amerigroup Kansas, Inc. is the secondary payor, the consent for sterilization form is a requirement and must be submitted with the claim.
