

The Kansas Department of Health and Environment (KDHE) extends deadline for updated CMS 1500 Form to July 1, 2014

Background: In June 2013, the National Uniform Claim Committee (NUCC) announced the approval of an updated CMS 1500 Claim Form (version 02/12) that accommodates reporting needs for ICD-10 and aligns with requirements in the Accredited Standards Committee X12 (ASC X12) Health Care Claim: Professional (837P) Version 5010 Technical Report Type 3.

✦ What this means to you:

KDHE has extended the deadline for submitting a paper CMS 1500 Claim Form using only the revised CMS 1500 Claim Form (version 02/12). **Effective July 1, 2014**, claims received on the 08/05 version will be rejected. Please share this information with your office or billing staff.

Why is this change necessary?

On January 6, 2014, Amerigroup Kansas, Inc. started accepting the updated CMS 1500 Claim Form version 02/12 to support ICD-10 changes. Please follow the guidelines set forth by the NUCC for completing the new claim form, or your claim will be rejected.

Will a grace period for submitting the old form be allowed?

The grace period ends June 30, 2014. NUCC allows the submission of either CMS 1500 Claim Form version 08/05 or 02/12 from January 6, 2014, through June 30, 2014.
