

# Provider Update

## Services always considered content of service REVISION

**Summary of change:** Beginning with date of service August 1, 2016, and after, the procedure codes listed on this bulletin will be denied content of service when billed for professional services, unless the claim is a Medicare crossover and the Medicare allowed amount is greater than \$0.00. Please note that some of these codes are already considered content of service, but this policy is an all-inclusive list of these codes.

✦ **What this means to you:** Beginning with claims billed for date of service August 1, 2016, the following codes will deny content of service (although some of these codes may already actively be denying for this reason). The codes that are newly added to this policy are designated as such by an asterisk.

### Who do I call with questions?

If you have any questions, contact Provider Services at 1-800-454-3730 or your local Provider Relations representative.

### Content of service codes:

\*New codes added as of August 1, 2016.
