

COVID-19 testing

Amerigroup Community Care is following the *Maryland Department of Health ALERT: Medicaid Provider Partnership Required to Support COVID-19 Testing Goals* in an effort to increase the availability of COVID-19 testing capacity. Amerigroup will be sending out a text communication to encourage Amerigroup members to get tested if they believe they have been exposed to COVID-19. Amerigroup members will be instructed to contact their PCP's office or go to the Maryland State website to locate designated testing sites across the state of Maryland.

COVID-19 testing sites can be found by visiting:

<https://coronavirus.maryland.gov/pages/symptoms-testing>

Patients are encouraged to contact their PCP to verify testing capability, appointment procedures, and other scheduling requirements.

This directive and other information on COVID-19 from the Maryland Department of Health Secretary Neall Orders can be found here: <https://mmcp.health.maryland.gov/Pages/COVID-19-Provider-Updates.aspx>.

More information on member communications can be found on the Amerigroup member website at <https://www.myamerigroup.com/md/home.html>.
