

Resources to support our community during the COVID-19 pandemic

During these uncertain times, you might know someone who needs help finding food, tutoring, transportation or a job. Check out our *Community Support* page to locate organizations that provide assistance with these items and more:

<https://www.myamerigroup.com/md/support/community-support.html>

Select the link above and enter the ZIP code; then you will see different categories of food, health care, housing, transportation, etc. Select the category you are interested in viewing, and a list of available organizations will appear. Since many offices are impacted by COVID-19, please give them a call to make sure they are open. This website is open to all to use.
