

Provider Update

Primary care provider survey regarding members with intellectual or developmental disabilities (I/DD)

Summary of update: Amerigroup Community Care is committed to providing primary care services for members with I/DD. Providers have the important role of delivering services to members with I/DD, and we want to hear from you regarding your experience in working with I/DD patients.

✦ **What this means to you:** An I/DD-focused questionnaire is available so you can let us know your experience, confidence and knowledge in providing services to I/DD patients. We would like for you to provide us your feedback about caring for members with I/DD by taking the [I/DD Survey](#), also linked under Behavioral Health.

You can start reviewing information about caring for members with I/DD by going to: iddtoolkit.org and www.tn.gov/didd/section/consumers/index.shtml.

What if I need assistance?

If you have questions or need any other assistance, please call your local Provider Relations representative or Provider Services at 1-800-454-3730.
