

Access to Xolair

While only a few providers buy and bill Xolair® directly to Amerigroup Community Care, some have difficulty purchasing and obtaining the medication for our members. To ensure Amerigroup members have access to Xolair, we want to inform you of alternative coverage under the TennCare pharmacy benefit.

Xolair coverage via the pharmacy benefit

For Xolair coverage under the TennCare pharmacy benefit, simply complete the general prior authorization form located on the OptumRx* website at

<https://www.optumrx.com/content/dam/openenrollment/pdfs/TennCare/prescriber/prior-authorization-forms/General%20PA%20Form.pdf> and send the prescription to the specialty pharmacy of your choice.

For more information on prior authorization criteria for Xolair, go to

<https://www.optumrx.com/content/dam/openenrollment/pdfs/TennCare/prescriber/clinical-criteria/Xolair.pdf>.

Note: Xolair coverage under either benefit requires a prior authorization.

If you have questions about this communication, contact the Provider Relations department at **615-232-2160**.

* OptumRx is an independent company providing pharmacy services on behalf of Amerigroup Community Care.
