

## **New imaging clinical site-of-care review policy effective date change**

**Background:** As Amerigroup Washington, Inc. began to communicate the imaging clinical site-of-care policy update to our providers, we heard concerns about the time needed to put process changes fully in place. Because Amerigroup does not want this policy to disrupt practices and patient care, we are moving the effective date from November 1, 2017, to December 1, 2017.

Amerigroup wants all managed care organizations serving Washington Apple Health members to be able to make the transition as smoothly as possible.

### **What if I need assistance?**

If you have questions about this communication, received this fax in error or need assistance with any other item, contact your local Provider Relations representative or call Provider Services at 1-800-454-3730.
