Section: **Coding**

*****The most current version of the Reimbursement Policies can be found on our provider website. If you are using a printed version of this policy, please verify the information by going to <https://providers.amerigroup.com>. Under Quick Tools, select Reimbursement Policies > Medicaid/Medicare. Note: State-specific exemptions may apply. Please refer to the Exemptions section below for specific exemptions based on your state. *****

These policies serve as a guide to assist you in accurate claim submissions and to outline the basis for reimbursement if the service is covered by a member's Amerigroup benefit plan. The determination that a service, procedure, item, etc. is covered under a member's benefit plan is not a determination that you will be reimbursed. Services must meet authorization and medical necessity guidelines appropriate to the procedure and diagnosis as well as to the member's state of residence. You must follow proper billing and submission guidelines. You are required to use industry standard, compliant codes on all claim submissions. Services should be billed with CPT codes, HCPCS codes and/or revenue codes. The codes denote the services and/or procedures performed. The billed code(s) are required to be fully supported in the medical record and/or office notes. Unless otherwise noted within the policy, our policies apply to both participating and nonparticipating providers and facilities.

If appropriate coding/billing guidelines or current Reimbursement Policies are not followed, Amerigroup may:

- Reject or deny the claim
- Recover and/or recoup claim payment

Amerigroup reimbursement policies are developed based on nationally accepted industry standards and coding principles. These policies may be superseded by mandates in provider, state, federal or CMS contracts and/or requirements. System logic or setup may prevent the loading of policies into the claims platforms in the same manner as described; however, Amerigroup strives to minimize these variations.

Amerigroup reserves the right to review and revise our policies periodically when necessary. When there is an update, we will publish the most current policy to this site.

Policy

Amerigroup allows reimbursement of procedures eligible for surgical teams when billed with Modifier 66, unless provider, state, federal or CMS contracts and/or requirements indicate otherwise.

Each physician participating in the surgical team must bill the

	<p>applicable procedure code(s) for their individual services with Modifier 66. If any or all physicians participating in the surgery fail to use the modifier appropriately, claims may be denied or pended for duplicate or suspected duplicate services, respectively.</p> <p>Multiple procedure rules and fee reductions apply if the surgical team performs multiple procedures unless surgeons of different specialties are each performing a different procedure. Assistant surgery rules and fee reductions apply if any member of the surgical team acts as an assistant performing additional procedure(s) during the same surgical session.</p> <p>Amerigroup performs a prepayment review to support the use of Modifier 66. Providers must submit documentation with claims billed with the modifier. Claims submitted without documentation will be denied.</p>
<p>Exemptions</p>	<ul style="list-style-type: none"> • Amerigroup in Florida reimburses procedures eligible for surgical teams in compliance with Florida’s Agency for Health Care Administration (AHCA) Medicaid Services Coverage and Limitations handbooks.
