

		Reimbursement Policy
Subject: Code and Clinical Editing Guidelines		
Effective Date: 10/01/17	Committee Approval Obtained: 07/19/17	Section: Administration
<p>***** The most current version of our reimbursement policies can be found on our provider website. If you are using a printed version of this policy, please verify the information by going to https://providers.amerigroup.com/DC. *****</p> <p>These policies serve as a guide to assist you in accurate claim submissions and to outline the basis for reimbursement by Amerigroup District of Columbia, Inc. if the service is covered by a member's Amerigroup benefit plan. The determination that a service, procedure, item, etc. is covered under a member's benefit plan is not a determination that you will be reimbursed. Services must meet authorization and medical necessity guidelines appropriate to the procedure and diagnosis as well as to the member's District of residence. You must follow proper billing and submission guidelines. You are required to use industry standard, compliant codes on all claim submissions. Services should be billed with CPT codes, HCPCS codes and/or revenue codes. The codes denote the services and/or procedures performed. The billed code(s) are required to be fully supported in the medical record and/or office notes. Unless otherwise noted within the policy, our policies apply to both participating and nonparticipating providers and facilities.</p> <p>If appropriate coding/billing guidelines or current reimbursement policies are not followed, Amerigroup may:</p> <ul style="list-style-type: none"> • Reject or deny the claim. • Recover and/or recoup claim payment. <p>Amerigroup reimbursement policies are developed based on nationally accepted industry standards and coding principles. These policies may be superseded by mandates in provider, District, federal or CMS contracts and/or requirements. System logic or setup may prevent the loading of policies into the claims platforms in the same manner as described; however, Amerigroup strives to minimize these variations.</p> <p>Amerigroup reserves the right to review and revise our policies periodically when necessary. When there is an update, we will publish the most current policy to this site.</p>		
Policy	<p>Amerigroup applies Code and Clinical Editing Guidelines (CCEG) to evaluate claims for accuracy and adherence to accepted national industry standards and plan benefits unless provider, District, federal or CMS contracts and/or requirements indicate otherwise.</p> <p>Amerigroup uses software products that ensure compliance with standard code edits and rules. These products increase consistency of payment for providers by ensuring correct coding and billing practices</p>	

	<p>are followed. CCEG consists of the following measures:</p> <ul style="list-style-type: none"> • Code editing software, CMS National Correct Coding Initiative (NCCI) edits and Outpatient Code Edits (OCE) <ul style="list-style-type: none"> ○ Code editing software is updated biannually to conform to changes in coding standards. ○ NCCI edits are updated on a quarterly basis according to CMS published updates. • Clinical criteria • Licensed clinical medical review • Claims processing platform <p>Per District requirements, Amerigroup publishes its use of specific commercial code editing software. We only customize applicable CCEG measures due to compelling business reasons.</p> <p>CCEG measures are updated as applicable and as needed to incorporate new codes, code definition changes and edit rule changes. All claims submitted after the configuration implementation date, regardless of service date, will be processed according to up-to-date CCEG measures. No retrospective payment changes, adjustments and/or requests for refunds will be made when processing changes are a result of new code editing rules within a module update. The member is not responsible and should not be balance-billed for any procedures for which payment has been denied or reduced as the result of CCEG measures.</p> <p>Nonreimbursable Amerigroup will not reimburse in the event of a conflict with CCEG.</p>
