

		<b>Reimbursement Policy</b>	
<b>Subject: Hysterectomy</b>			
Effective Date: <b>07/14/16</b>	Committee Approval Obtained: <b>08/03/18</b>	Section: <b>Surgery</b>	
*****The most current version of our reimbursement policies can be found on our provider website. If you are using a printed version of this policy, please verify the information by going to <a href="https://providers.amerigroup.com/IA">https://providers.amerigroup.com/IA</a> .*****			
<p>These policies serve as a guide to assist you in accurate claim submissions and to outline the basis for reimbursement if the service is covered by a member’s Amerigroup Iowa, Inc. benefit plan. The determination that a service, procedure, item, etc. is covered under a member's benefit plan is not a determination that you will be reimbursed. Services must meet authorization and medical necessity guidelines appropriate to the procedure and diagnosis as well as to the member’s state of residence. You must follow proper billing and submission guidelines. You are required to use industry standard, compliant codes on all claim submissions. Services should be billed with CPT codes, HCPCS codes and/or revenue codes. The codes denote the services and/or procedures performed. The billed code(s) are required to be fully supported in the medical record and/or office notes. Unless otherwise noted within the policy, our policies apply to both participating and nonparticipating providers and facilities.</p> <p>If appropriate coding/billing guidelines or current reimbursement policies are not followed, Amerigroup may:</p> <ul style="list-style-type: none"> <li>• Reject or deny the claim.</li> <li>• Recover and/or recoup claim payment.</li> </ul> <p>Amerigroup reimbursement policies are developed based on nationally accepted industry standards and coding principles. These policies may be superseded by mandates in provider, state, federal or CMS contracts and/or requirements. System logic or setup may prevent the loading of policies into the claims platforms in the same manner as described; however, Amerigroup strives to minimize these variations.</p> <p>Amerigroup reserves the right to review and revise its policies periodically when necessary. When there is an update, we will publish the most current policy to this site.</p>			
<b>Policy</b>	<p>Amerigroup allows reimbursement of nonelective and medically necessary hysterectomy procedures for covered members unless provider, state, federal or CMS contracts and/or requirements indicate otherwise. Reimbursement is based on the applicable fee schedule or contracted/negotiated rate and receipt of a valid consent/acknowledgement of hysterectomy form.</p> <p>Amerigroup considers reimbursement for a hysterectomy <b>only</b> when the following criteria are met:</p> <ul style="list-style-type: none"> <li>• The hysterectomy is medically necessary to treat an illness or injury.</li> </ul>		

- The member has given informed consent.
- The member or authorized representative is fully aware that the hysterectomy will render the member permanently incapable of reproducing and has orally and in writing expressed this understanding.
- The member or authorized representative has signed and dated an applicable state-approved consent/acknowledgement of hysterectomy form.

NOTE: If the member was already sterile before the hysterectomy **or** if the individual required a hysterectomy because of a life-threatening emergency situation in which the physician determined that prior consent/acknowledgement was not possible:

- The consent/acknowledgement of hysterectomy form with the physician's certification will be required, and
- The member's informed consent/acknowledgement of hysterectomy will not be required

Additionally, a consent/acknowledgement form for members 60 years of age or older who are considered sterile is not required.

Claims for professional and/or facility services for a hysterectomy submitted without the valid informed consent/acknowledgement of hysterectomy form may be rejected or denied. A **valid** consent/acknowledgement of hysterectomy form has to be properly executed and include all required signatures:

- Member, except as noted
- Person obtaining the member's consent
- The physician performing the hysterectomy

If a hysterectomy is performed in conjunction with a delivery, then multiple surgery guidelines apply (refer to Amerigroup Multiple and Bilateral Surgery policy).

**Nonreimbursable**

Amerigroup does **not** allow reimbursement of a hysterectomy in the following circumstances:

- The hysterectomy is performed for the sole purpose of rendering the member permanently incapable of reproduction.
- There is more than one reason for the hysterectomy, but the primary reason is to render the member permanently incapable of reproduction.
- The hysterectomy is performed for the purpose of cancer prophylaxis.
