<p>These policies serve as a guide to assist you in accurate claims submissions and to outline the basis for reimbursement if the service is covered by a member’s Amerigroup Iowa, Inc. benefit plan. The determination that a service, procedure, item, etc. is covered under a member's benefit plan is not a determination that you will be reimbursed. Services must meet authorization and medical necessity guidelines appropriate to the procedure and diagnosis as well as to the member’s state of residence. You must follow proper billing and submission guidelines. You are required to use industry standard, compliant codes on all claim submissions. Services should be billed with CPT codes, HCPCS codes and/or revenue codes. The codes denote the services and/or procedures performed. The billed code(s) are required to be fully supported in the medical record and/or office notes. Unless otherwise noted within the policy, our policies apply to both participating and nonparticipating providers and facilities.</p> <p>If appropriate coding/billing guidelines or current reimbursement policies are not followed, Amerigroup may:</p> <ul style="list-style-type: none"> <li>• Reject or deny the claim.</li> <li>• Recover and/or recoup claim payment.</li> </ul> <p>Amerigroup reimbursement policies are developed based on nationally accepted industry standards and coding principles. These policies may be superseded by mandates in provider, state, federal or CMS contracts and/or requirements. System logic or setup may prevent the loading of policies into the claims platforms in the same manner as described; however, Amerigroup strives to minimize these variations.</p> <p>Amerigroup reserves the right to review and revise our policies periodically when necessary. When there is an update, we will publish the most current policy to this site.</p>			
<b>Policy</b>	<p>Amerigroup allows reimbursement for multiple diagnostic imaging procedures unless provider, state, federal or CMS contracts and/or requirements indicate otherwise.</p> <p>Multiple diagnostic imaging procedures will be subject to a Multiple Procedure Payment Reduction when services are performed by the same provider or provider group on the same date of service during the same patient encounter.</p>		

	<p>The global and technical component (TC) of diagnostic imaging procedures will reimburse at 100 percent of the contracted/negotiated rate for the service with the highest TC payment. Payment is made at 50 percent for the TC of subsequent services furnished by the same provider to the same patient in the same session on the same day.</p> <p>Amerigroup does not apply the multiple radiology reduction to professional component services.</p> <p>A reduced allowance for the second and subsequent procedures will not apply when multiple imaging procedures are billed appended with Modifier 59 or X{EPSU} to indicate the procedure was done on the same day but not during the same session.</p> <p>A single imaging procedure is subject to the multiple imaging reductions when submitted with multiple units.</p> <p><b>NOTE:</b> The PC modifier is defined as wrong surgery on a patient. It should not be used to represent the professional component of a service. Claims that incorrectly use this modifier may be denied. Claims with this modifier used incorrectly must be resubmitted as a corrected claim and indicate the appropriate coding for the service(s) rendered.</p>
